

> Call for Green Projects

BE A PART OF CAMBODIA'S GREEN INVESTMENT PORTFOLIO

Summary

- > Mekong Strategic Partners (MSP) is developing a Green Financing Institution to provide financing and support to market-ready green projects that contribute to climate change mitigation and adaptation in Cambodia.
- > In collaboration with Green Climate Fund (GCF) and USAID, the Green Financing Institution will invest in a diverse range of green projects across sectors and lifecycles to enable Cambodia's shift towards a greener economy and society.
- > MSP is seeking interest and discussion from green projects on their financing requirements to develop the Green Financing Institution's investment pipeline.

How Can Your Green Project Benefit?

- > Green projects in Cambodia included in the project pipeline could benefit from:

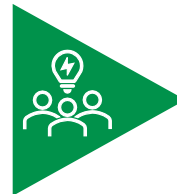

Financing

Access to capital from the Green Financing Institution
